TO: ALL AGENTS

RE: **Waiver Surcharge Program for Residential Dwellings Extended to September 1, 2009**

The waiver surcharge program for residential dwellings has been extended to September 1, 2009. June 1, 2009 marks the 3rd anniversary of the residential waiver program in its current status with the rules as they were originally established. After September 1, 2009 it is likely the waiver will continue for new policyholders who qualify. Between now and then the rules for WPI-8 waiver eligibility will be reviewed and appropriate changes made for new waiver applicants. We will update agents with a follow-up bulletin sometime in August regarding program changes/continuation.
