NOTES TO FINANCIAL STATEMENTS

Note 1 – Summary of Significant Accounting Policies and Going Concern

A. Accounting Practices, Impact of NAIC/State Differences

The accompanying financial statements of Texas Windstorm Insurance Association (The “Association” or “TWIA”) have been prepared on the basis of accounting practices prescribed or permitted by the Texas Department of Insurance (“TDI”). TDI prescribed statutory accounting practices include state laws, regulations and general administrative rules applicable to all insurance companies domiciled in the State of Texas and the National Association of Insurance Commissioners’ Accounting Practices and Procedures Manual (“NAIC SAP”) subject to any deviations prescribed or permitted by TDI.

TDI has granted a permitted practice allowing TWIA to admit certain restricted assets associated with the outstanding Series 2014 Pre-Event Class 1 Revenue Bonds (“Series 2014 bonds”) as of June 30, 2021.

- \$94,067,484 held in the obligation revenue fund for repayment of the Series 2014 bonds.

The obligation revenue funds are held in trust and restricted for future debt service obligations.

Reconciliations of net income and policyholders’ surplus between the amounts reported in the accompanying financial statements (TX basis) and NAIC SAP follow:

B. Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the amounts reported in these financial statements and accompanying footnotes. Actual results could differ from these estimates.

C. Accounting Policies

All insurance policies issued by the Association have a maximum term of one year from date of issuance. Premiums are earned over the terms of the related policies whereas the related acquisition costs such as sales commissions are expensed when incurred. Unearned premiums, net of deductions for reinsurance, are computed on a pro-rata basis to cover the unexpired portion of premiums written. Premiums receivable are primarily due from agents and policyholders and are charged off when specific balances are determined to be uncollectible. Net investment income consists primarily of interest income recognized on an accrual basis and is reduced by investment related expenses.

In addition, the company uses the following accounting policies:

1. Short-term investments are stated at amortized cost, which approximates market value. Reverse repurchase agreements are recorded in cash equivalents if the repurchase date is less than 90 days. Reverse repurchase agreements represent the purchase of a security with an agreement to resell.
2. through 9. Investment and mortgage loan related, Not applicable.
10. The Association does not anticipate investment income when evaluating the need for premium deficiency reserves.
11. Loss and loss adjustment expense reserves are based upon claim estimates for (1) losses for claims reported prior to the close of the accounting period, (2) losses incurred but unreported prior to the close of the accounting period, and (3) expenses for investigating and adjusting claims. Such liabilities are necessarily based on assumptions and estimates and while management believes the amounts are adequate, the ultimate liabilities may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liabilities are continually reviewed and any adjustments are reflected in the period determined.

NOTES TO FINANCIAL STATEMENTS

12. The Association has a written capitalization policy for prepaid expenses and purchases of items such as electronic data processing equipment, software, furniture, other equipment and leasehold improvements. The predefined capitalization thresholds under this policy have not changed from those of the prior year.

13. Not applicable as the Association does not write medical insurance with prescription drug coverage.

D. Going Concern

Based upon its evaluation of relevant conditions and events, management does not have substantial doubt about the Association's ability to continue as a going concern.

1. Funds held by the Texas Treasury Safekeeping Trust Company ("TTSTC") on behalf of the Association are invested in overnight reverse repurchase agreements. These funds represent debt service payments deposited by TWIA and held in trust at the TTSTC prior to disbursement to the bond investors. See note 1 and note 11. The reverse repurchase agreements require collateral of at least 100% for Treasuries, 101% for Agencies and US Instrumentalities, and 102% for mortgage-backed securities. The fair value of reverse repurchase agreements was \$94,067,484 and \$83,405,587 at June 30, 2021 and December 31, 2020, respectively.

Note 9 – Income Taxes

In 2010, Texas Windstorm Insurance Association (The “Association”) applied for and received a Private Letter Ruling (“PLR”) from the Internal Revenue Service. The PLR requested acknowledgement that the Association’s income is derived from an essential governmental function which accrues to a state or political subdivision and is therefore excluded from gross income under Section 115(1) of the Internal Revenue Code (“IRC”). On August 17, 2010, the Internal Revenue Service ruled that the Association performs an essential government function and that income from that function is excluded from gross income under IRC Section 115(1).

The Association had been filing form 1120-PC tax returns with the Internal Revenue Service as a property and casualty insurance company. Under the Internal Revenue Code the statute of limitations to be assessed additional taxes or to file amended tax returns is 3 years from the later of the due date of the return (including extensions) or the filing date of the return. There are existing net operating loss carryforwards in open tax years that are not anticipated to be realized. No further federal income tax impact is expected in the future.

Note 10 – Information Concerning Parent, Subsidiaries, Affiliates and Other Related Parties

A. Nature of Relationships

Pursuant to the Association’s Plan of Operation, the Board of Directors consists of nine voting members appointed by the Commissioner of Insurance. The nine-member Board includes three public members residing in the first tier coastal counties and representing certain regions of the catastrophe area, three non-coastal representatives residing more than 100 miles from the coast, and three industry representatives actively writing and renewing windstorm and hail insurance in the first tier coastal counties.

On October 10, 2002, the Texas Commissioner of Insurance enacted Article 21.49A of the Texas Insurance Code creating the Texas FAIR Plan Association (“FAIR Plan” or “the Plan”). The Commissioner instructed the Texas Windstorm Insurance Association to manage all activities of FAIR Plan.

C. Fair Values for All Financial Instruments by Levels 1, 2 and 3

The table below reflects the fair values and admitted values of all admitted assets and liabilities that are financial instruments. The fair values are also categorized into the three-level fair value hierarchy. The three-level fair value hierarchy is based on the degree of subjectivity inherent in the valuation method by which fair value was determined. The three levels are defined as follows.

Level 1- Quoted Prices in Active Markets for Identical Assets and Liabilities.

Level 2 - Significant Other Observable Inputs: This category is for items measured at fair value on a recurring basis often determined by independent pricing services using observable inputs. The Association has no assets or liabilities measured at fair value in this category.

Level 3 - Significant Unobservable Inputs: The Association has no assets or liabilities measured at fair value in this category.

Cash, cash equivalents and short-term investments are the only financial instruments held by the Association.

<u>Type of Financial Instrument</u>	<u>Aggregate Fair Value</u>	<u>Admitted Assets</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Net Asset Value (NAV)</u>	<u>Not Practicable (Carrying Value)</u>

E. Instruments Measured at Net Asset Value (NAV)

The Association has elected to use NAV for all money market mutual funds in lieu of fair value as NAV is more readily available. These funds are backed by high quality, very liquid short-term instruments and the probability is remote that the funds would be sold for a value other than NAV.

Note 25 – Changes in Incurred Losses and Loss Adjustment Expenses

- A. Current year changes in estimates of the costs of prior year losses and loss adjustment expenses (LAE) affect the current year Statement of Income. Increases in those estimates increase current year expense and are referred to as unfavorable development or prior year reserve shortages. Decreases in those estimates decrease current year expense and are referred to as favorable development or prior year reserve redundancies. Current calendar year losses and LAE reflected on the Statement of Income of (\$27,805,134) had \$44,073,445 of favorable prior year development. The prior year favorable development resulted from the reduction of ultimate losses and LAE related to Hurricanes Hanna, Laura and Delta that occurred in 2020. The ultimate loss and LAE for Hurricane Harvey was also reduced by \$20,000,000 during the first quarter. Increases or decreases of this nature occur as the result of claim settlements and receipt and evaluation of additional information regarding unpaid claims. Recent development trends are also taken into account in evaluating the overall adequacy of reserves. Due to the inherently uncertain process involving loss and loss adjustment expense reserve estimates, the final resolution of the ultimate liability may be different from that anticipated at the reporting date. The Appointed Actuary for the Association has opined that the loss and LAE reserves as of June 30, 2021 make a reasonable provision for the Association's claims liabilities.
