Accountants' Letter of Qualifications

Board of Directors
Texas Windstorm Insurance Association

We have audited, in accordance with auditing standards generally accepted in the United States of America, the statutory financial statements of Texas Windstorm Insurance Association (the "Association") for the years ended December 31, 2014 and 2013, and have issued our report thereon dated April 24, 2015. In connection therewith, we advise you as follows:

a. We are independent certified public accountants with respect to the Association and conform to the standards of the accounting profession as contained in the Code of Professional Conduct and pronouncements of the American Institute of Certified Public Accountants, and the Rules of Professional Conduct of the Texas State Board of Public Accountancy.

b. The engagement director, who is a certified public accountant, has 10 years of experience in public accounting and is experienced in auditing insurance enterprises. Members of the engagement team, most of whom have had experience in auditing insurance enterprises and most of whom are certified public accountants, were assigned to perform tasks commensurate with their training and experience.

c. We understand that the Association intends to file its audited statutory financial statements and our report thereon with the Texas Department of Insurance and that the Insurance Commissioner of that state will be relying on that information in monitoring and regulating the statutory financial condition of the Association.

While we understand that an objective of issuing a report on the statutory financial statements is to satisfy regulatory requirements, our audit was not planned to satisfy all objectives or responsibilities of insurance regulators. In this context, the Association and Insurance Commissioner should understand that the objective of an audit of statutory financial statements in accordance with auditing standards generally accepted in the United States of America is to form an opinion and issue a report on whether the statutory financial statements present fairly, in all material respects, the admitted assets, liabilities, surplus and other funds, results of operations and cash flows in conformity with accounting practices prescribed or permitted by the Texas Department of Insurance. Consequently, under auditing standards generally accepted in the United States of America, we have the responsibility, within the inherent limitations of the auditing process, to plan and perform our audit to obtain reasonable assurance about whether the statutory financial statements are free of material misstatement, whether caused by error or fraud, and to exercise due professional care in the conduct of the audit. The concept of selective testing of the data being audited, which involves judgment both as to the number of transactions to be audited and the areas to be tested, has been generally accepted as a valid and sufficient basis for an auditor to express an opinion on financial statements. Audit procedures that are effective for detecting errors, if they exist, may be ineffective for detecting misstatements resulting from fraud. Because of the characteristics of fraud, particularly those involving concealment and falsified documentation (including forgery), a properly planned and performed audit may not detect a material misstatement resulting from fraud. In addition, an audit does not address the possibility that material misstatements resulting from fraud may occur in the future. Also, our use of professional judgment and the assessment of materiality for the purpose of our audit means that matters may exist that would have been assessed differently by the Insurance Commissioner.

It is the responsibility of the management of the Association to adopt sound accounting policies, to maintain an adequate and effective system of accounts, and to establish and maintain an internal control structure that will, among other things, provide reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting practices prescribed or permitted by the Texas Department of Insurance.

The Insurance Commissioner should exercise due diligence to obtain whatever other information that may be necessary for the purpose of monitoring and regulating the statutory financial position of insurers and should not rely solely upon the independent auditor's report.

d. We will retain the workpapers prepared in the conduct of our audit until the Texas Department of Insurance has filed a Report of Examination covering 2014, but not longer than seven years. After notification to the Association, we will make the workpapers available for review by the Texas Department of Insurance at the offices of the insurer, at our offices, at the Insurance Department or at any other reasonable place designated by the Insurance Commissioner. Furthermore, in the conduct of the aforementioned periodic review by the Texas Department of Insurance, photocopies of pertinent audit working papers may be made (under the control of the accountant) and such copies may be retained by the Texas Department of Insurance.

e. The engagement director has served in that capacity with respect to the Association since 2013, is licensed by the Texas State Board of Public Accountancy, and is a member in good standing of the American Institute of Certified Public Accountants.

f. To the best of our knowledge and belief, we are in compliance with the requirements of section 7 of the NAIC's Model Rule (Regulation) Requiring Annual Audited Financial Reports regarding qualifications of independent certified public accountants.

This letter is intended solely for the information and use of the Texas Department of Insurance and is not intended to be and should not be used by anyone other than these specified parties.

Independent Auditors' Report

Board of Directors
Texas Windstorm Insurance Association
Austin, Texas

We have audited the accompanying statutory statements of admitted assets, liabilities, surplus and other funds of Texas Windstorm Insurance Association (the "Association") as of December 31, 2014 and 2013 and the related statutory statements of income and changes in surplus and other funds, and cash flows for the years then ended, and the related notes to the statutory financial statements.

Management's Responsibility for the Statutory Financial Statements

Management is responsible for the preparation and fair presentation of these statutory financial statements in accordance with accounting practices prescribed or permitted by the Texas Department of Insurance; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the statutory financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these statutory financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statutory financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the statutory financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the statutory financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the statutory financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the statutory financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis of Accounting

As described more fully in the Summary of Significant Accounting Policies, these financial statements were prepared in conformity with accounting practices prescribed or permitted by the Texas Department of Insurance, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Because of the departures from accounting principles generally accepted in the United States of America identified above, as of December 31, 2014 and 2013 deferred acquisition costs was understated by approximately $0 million and $42.2 million, and other assets were understated by approximately $10.8 million and $11.7 million, respectively. The departures identified above reduced total net position as of December 31, 2014 and 2013 by approximately $13.8 million and $53.9 million, respectively. The effects on change in net position for the years ended December 31, 2014 and 2013 were immaterial.

Opinion

In our opinion, because of the effects of the matters discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Texas Windstorm Insurance Association as of December 31, 2014 and 2013, or the results of its operations or its cash flows for the years then ended.

In our opinion, the statutory financial statements referred to above present fairly, in all material respects, the admitted assets, liabilities, surplus and other funds of the Texas Windstorm Insurance Association at December 31, 2014 and 2013, and the results of its operations and its cash flows for the years then ended, on the basis of accounting described in the Summary of Significant Accounting Policies – "Basis of Accounting".

Emphasis of Matters

As of December 31, 2014, the Association had approximately $87 billion of insurance exposure in certain designated counties located in the gulf coast region of the State of Texas. By state statute, the Association may not maintain a surplus greater than zero; any excess surplus must be paid to the Catastrophe Reserve Trust Fund ("Trust Fund"). As of the December 31, 2014, the balance in the Trust Fund was approximately $217 million. If a major claim event occurs in the future, it could have a severe impact on the financial condition of the Association.

In accordance with House Bill 4409 passed by the Texas Legislature, the Association is authorized to place $2.5 billion in public securities. The Association does not have taxing authority. In addition, the public securities, if issued, will not be guaranteed by any state or federal agency. Consequently, the ability of the Association to place all these public securities and the sufficiency of that amount to cover future losses is unknown.

Ultimate loss projections for Hurricane Ike were estimated to be $2.61 billion by the Association's actuary as of December 31, 2014. If the ultimate loss projection changes in the future it could have a severe impact on the financial condition of the Association.

On February 28, 2011, the Association was placed in Administrative Oversight by order of the Insurance Commissioner of the state of Texas. Administrative Oversight is one of the regulatory tools authorized by Chapter 441 of the Texas Insurance Code. It is a form of intervention through which the Texas Department of Insurance increases its involvement in the day to day operations of an insurer. The duration of Administrative Oversight is unknown.

Supplemental Information

Our audits of the statutory financial statements were conducted for the purpose of forming an opinion on those statements as a whole. The accompanying supplementary information is presented to comply with the National Association of Insurance Commissioners' Accounting Practices and Procedures Manual and Texas state law. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the statutory financial statements.

The information has been subjected to the auditing procedures applied in the audit of the statutory financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the statutory financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the statutory financial statements as a whole.

See accompanying summary of significant accounting policies and notes to statutory financial statements.

Nature of Business
Based upon its statutory purpose under Chapter 2210, Tex. Ins. Code (the "Act"), the Texas Windstorm Insurance Association (the "Association") is an entity created by the Texas legislature with its primary statutory purpose being the provision of an adequate market for windstorm and hail insurance in the seacoast territory of Texas ("seacoast territory"). Chapter 2210 provides a method by which adequate windstorm and hail insurance may be obtained in certain designated portions of the seacoast territory.

The Association is intended to serve as a residual insurer of last resort for windstorm and hail insurance in the seacoast territory. The Association shall function in such a manner as to not be a direct competitor in the private market and to provide windstorm and hail insurance coverage to those who are unable to obtain that coverage in the private market.

Organization
The Association was created by the Texas legislature in 1971. The statutory authority of the Association is currently found in Chapter 2210, Texas Insurance Code. The primary purpose of the Association is to provide an adequate market for windstorm and hail insurance in the seacoast territory**.**

The Association is intended to serve as a residual insurer of last resort for windstorm and hail insurance in the seacoast territory. The Association shall not be a direct competitor in the private market but provide windstorm and hail insurance coverage to those who are unable to obtain that coverage from the private market. The membership of the Association includes every property insurer authorized to write property insurance in Texas, except companies that are excluded by law from writing coverage available through the Association on a statewide basis.

In 1993, the Texas legislature created the Association's Catastrophe Reserve Trust Fund ("CRTF") to be held by the Texas Comptroller of Public Accounts, outside the state treasury on behalf of, and with legal title in, the Texas Department of Insurance ("TDI"). In 1999, the Texas legislature enacted legislation to allow the Association to pay the net equity of the Association on an annual basis into the CRTF or purchase reinsurance as approved by the Commissioner.

In 2008, various amendments to the Association's plan of operation (governing rules) changed the participation formula, and the source, type, and adjustment of premium data used. These changes authorized the Association to prepare financial information on a calendar year basis only rather than on both a calendar year and syndicate year basis, to calculate assessments for members on a calendar year basis rather than a syndicate year basis, and to eliminate a minimum cap and a maximum cap on a member company's assessment percentage.

In 2009, House Bill 4409 was enacted to address the funding of Association losses and operating expenses in excess of premium and other revenue including allowing for certain financing arrangements, issuance of public securities, use of public security proceeds and payment of public security obligations.

Legislative changes and amendments to the plan of operation established the procedures and requirements for determining and collecting member assessments and premium surcharges for the payment of class 2 public security obligations and class 3 public security obligations under Insurance Code Sections 2210.613 and 2210.6135. The procedures for member assessments are established in Title 28 Texas Administrative Code, Sections 5.4161 to 5.4167, and the procedures for premium surcharges on insurance policies are established in Title 28 Texas Administrative Code, Sections 5.4171, 5.4172, 5.4173, and 5.4181 to 5.4192. Assessments may not include an insurer that became a member of the Association after September 1, 2009, and had not previously been a member of the Association, until after the second anniversary of the date on which the insurer first becomes a member of the Association.

The sequence for funding catastrophe losses in excess of premium and other revenue include funding:

From available reserves and the Catastrophe Reserve Trust Fund;

From proceeds of Class 1 public securities not to exceed $1,000,000 per year or other financing arrangements (including commercial paper). The Association must repay the proceeds from its premiums and other revenue;

From proceeds of Class 2 public securities not to exceed $1,000,000 per year to be repaid as follows: 30% of the cost shall be paid through non-recoupable assessments to member companies; 70% of the cost shall be paid by a nonrefundable surcharge collected by every insurer and assessed on all policyholders who reside or have operations in or whose property is located in the Association's catastrophe area. The surcharge shall be assessed on each Texas windstorm and hail insurance policy and each property and casualty insurance policy, including an automobile insurance policy, issued for automobiles and other property located in the catastrophe area. The surcharge applies to all policies written under the following lines of insurance: fire and allied lines; farm and ranch owners; residential property insurance; private passenger automobile liability and physical damage insurance; and commercial automobile liability and physical damage insurance. The surcharge also includes the property insurance portion of a commercial multiple peril insurance policy.

From proceeds of Class 3 public securities not to exceed $500,000 per year to be repaid through non-recoupable assessments to the member companies.

House Bill 4409 also changed the member composition of the Board of Directors and increased the size of the Board of Directors to a ten-member board. These changes include the Commissioner of Insurance appointing all members of the Board, a reduction of the number of industry members from 5 to 4, changing two public and two agent members to four members being from the first tier coastal counties with at least one member who is an agent (other than a captive agent), adding a member from a county other than a seacoast county and adding a non-voting member that is an engineer from a first tier coastal county. All Board members serve staggered three-year terms.

In 2011, House Bill 3 was enacted, 82nd Legislature, 1st called Special Session. Key changes allow the Association to:

- issue pre-event public securities under Class 1 public securities;
- allow issuance of Class 2 public securities in the event the total of Class 1 public securities cannot be issued;
- require a declination every three years to maintain coverage in the Association;
- reduce the minimum retained premium from 180 to 90 days;
- develop a new claims resolution process with different deadlines than industry standards;
- require appraisal for certain claim payment amounts;
- require alternative dispute resolution before allowing the Association to be sued on disputed claims;
- establish an alternative certification program to maintain coverage with the Association for non-compliant structures;
- allow increased oversight by the Texas Department of Insurance and State Auditor;
- increase reporting requirements to the legislature, regulator, and board of directors; and
- issue new policies consistent with the legislative changes.

In 2013, the 83rd Texas Legislature enacted Senate Bill 1702 which repealed the alternative certification program established in 2011. The bill permits certain structures that are not in compliance with the applicable building code standards to obtain insurance coverage if specific conditions are met. Lastly, the bill provides that on or after December 31, 2015, TWIA may not issue or renew insurance coverage for a structure unless the structure complies with the applicable building code.

The 83rd Texas Legislature also enacted House Bill 1675 which requires the Sunset Advisory Commission to review the Association in 2019.

(Amounts in Thousands)

Basis of Accounting
The accompanying financial statements have been prepared on a statutory basis in accordance with accounting practices prescribed or permitted by the Texas Department of Insurance. Prescribed statutory accounting practices include state laws, regulations and general administrative rules applicable to all insurance companies domiciled in the State of Texas and the National Association of Insurance Commissioners' ("NAIC") Accounting Practices and Procedures Manual. Permitted statutory practices include practices not prescribed but allowed by the Texas Department of Insurance.

Reconciliations of net income and policyholders' surplus between the amounts reported in the accompanying financial statements (Texas basis) and NAIC statutory accounting practices ("SAP") follow:

Years ended December 31,		**2014**		2013
Net (loss) income, Texas basis	**$**	**(5,152)**	$	170,907
Effect of Texas prescribed practices		-		-
Effect of Texas permitted practices		-		45,169
Net (loss) income, NAIC SAP basis	**$**	**(5,152)**	$	216,076

December 31,		**2014**		2013
Statutory surplus, Texas basis	**$**	-	$	-
Effect of Texas prescribed practices		-		-
Effect of Texas permitted practices		**(503,773)**		-
Policyholders' (deficit) surplus, NAIC SAP basis	**$**	**(503,773)**	$	-

TDI has approved the permitted practice to allow the Association to admit the following restricted assets associated with the issuance of Series 2014 Pre-Event Class 1 Revenue Bonds ("Series 2014 Bonds") as of December 31, 2014:

- $443,987 held in the program fund.
- $59,786 held in the obligation revenue fund for repayment of the Series 2014 Bonds.

The restrictions are primarily due to debt service reserves and use of proceeds only when a catastrophic event occurs. The permitted practice will last the life of the Series 2014 Bonds or until rescinded by TDI at an earlier date.

TDI had approved the permitted practice to allow the Association to recognize the reinsurance premium associated with its catastrophe reinsurance agreement June 1, 2012 and June 1, 2011 over a 12-month period. The duration of the June 1, 2012 permitted practice was for one year only, ending May 31, 2013 and was not extended to any future reinsurance agreements.

Significant differences between statutory accounting practices and accounting principles generally accepted in the United States of America ("GAAP"), as they relate to the Association include the following:

a) Certain assets designated as "non-admitted assets" are charged directly against surplus rather than capitalized and charged to income as used. These include certain fixed assets, prepaid expenses and other assets.

b) Loss and loss adjustment expense reserves are presented net of related reinsurance rather than on a gross basis.

c) The statement of cash flows represent cash balances and cash equivalents with initial maturities of one year or less rather than cash and cash equivalents with initial maturities of three months or less.

d) Deferred income taxes are limited by an admissibility formula as opposed to using the "more likely than not" standard. Also, changes in the net deferred income taxes are reflected in the statutory statements of changes in surplus and other funds rather than reflected in the statement of income.

Use of Significant Estimates
The preparation of financial statements in accordance with statutory accounting practices requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Reverse Repurchase Agreements
Reverse repurchase agreements are recorded in cash equivalents as the repurchase date is less than 90 days. Reverse repurchase agreements represent the purchase of a security with an agreement to resell.

Furniture, Equipment and Depreciation
Furniture and equipment are stated at cost, net of accumulated depreciation. Depreciation is computed using the straight-line method over the estimated useful life of 3-5 years. Amounts have been non-admitted.

Income Taxes
In 2010, the Association applied for and received a Private Letter Ruling ("PLR") from the Internal Revenue Service ("IRS"). The PLR requested acknowledgement that the Association's income is derived from an essential governmental function which accrues to a state or political subdivision and is therefore excluded from gross income under Section 115(1) of the Internal Revenue Code ("IRC"). On August 17, 2010, the IRS ruled that the Association performs an essential government function and that income from that function is excluded from gross income under IRC Section 115(1).

The Association has been filing form 1120-PC tax returns with the IRS as a property and casualty insurance company. Under the IRC the statute of limitations to be assessed additional taxes or to file amended tax returns is 3 years from the later of the due date of the return (including extensions) or the filing date of the return. For the Association, open years are 2009, 2010, 2011, 2012, 2013 and 2014.

For 2009, 2010 and 2011, the Association extended the statute of limitations until March 16, 2016.

The Association filed amended returns with the IRS for the 2009 through 2014 open years based upon the PLR excluding from gross income the income derived from an essential governmental function. The amount of the tax recoverable for these open years as a result of excluding gross income resulting from performing an essential government function is approximately $53,000. This recoverable has been reported as a federal income tax recoverable in the statutory statements of admitted assets, liabilities and surplus and has been non-admitted.

Premiums
All policies issued by the Association have a maximum term of one year from date of issuance. Premiums earned are taken into income over the periods covered by the policies whereas the related acquisition costs are expensed when incurred. Premiums are generally recognized as revenue on a pro-rata basis over the policy term once the policy is effective. Unearned premiums, net of deductions for reinsurance, are computed on a pro-rata basis over the term of the policies.

Those premiums received for policies issued but not effective as of year-end are included in advanced premiums within the Association's statutory statement of admitted assets, liabilities, surplus and other funds.

Those premiums received for policies which are not effective and not issued as of year-end are included in remittances and items not allocated within the Association's statutory statement of admitted assets, liabilities, surplus and other funds.

Loss and Loss Adjustment Expense Reserves
Loss and loss adjustment expense reserves are based upon claim estimates for (1) losses for cases reported prior to the close of the accounting period, (2) losses incurred but unreported prior to the close of the accounting period, and (3) expenses for investigating and adjusting claims. Such liabilities are necessarily based on assumptions and estimates and while management believes the amounts are adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liabilities are continually reviewed and any adjustments are reflected in the period determined.

Reinsurance
In the normal course of business, the Association seeks to reduce the loss that may arise from catastrophes or other events that cause unfavorable underwriting results by reinsuring certain levels of risk in various areas of exposure with other insurance enterprises or reinsurers.

Fair Value Measurements
Statement of Statutory Accounting Principles ("SSAP") No. 100, Fair Value Measurements, requires disclosures of the aggregate fair value of all financial instruments, summarized by type of financial instrument, for which it is practicable to estimate fair value. SSAP No. 100 excludes obligations for pension benefits, substantively extinguished debt, insurance contracts, lease contracts, warranty obligations and rights, investments accounted for under the equity method and equity instruments issued by the entity. Accordingly, the aggregate fair value amounts presented herein do not necessarily represent the underlying value of the Association; similarly, care should be exercised in deriving conclusions about the Association's business or financial condition based on the fair value information presented herein.

The following methods and assumptions were used by the Association to estimate the fair value of each class of financial instruments for which it is practicable to estimate that value:

Cash and cash equivalents: The carrying values approximate fair value.

The Association is required to categorize its assets and liabilities that are measured at fair value into the three-level fair value hierarchy. The three-level fair value hierarchy is based on the degree of subjectivity inherent in the valuation method by which fair value was determined. The three levels are defined as follows:

- Level 1 – Fair values are based on quoted prices in active markets for identical assets or liabilities that the Association has the ability to access as of the measurement date.

- Level 2 – Fair values are based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, or inputs that can otherwise be corroborated by observable market data.

- Level 3 – Fair values are based on inputs that are considered unobservable where there is little, if any, market activity for the asset or liability as of the measurement date. In this circumstance, the Association has to rely on values derived by independent brokers or internally-developed assumptions. Unobservable inputs are developed based on the best information available to the Association which may include the Association's own data.

The Association has no assets or liabilities that are measured and reported at fair value in the statutory statement of admitted assets, liabilities, surplus and other funds.

(Amounts in Thousands)

1. Cash and Cash Equivalents

Cash and equivalents are as follows:

December 31,		**2014**		2013
Cash	**$**	**641,585**	$	439,193
Cash equivalents		**503,773**		-
	$	**1,145,358**	$	439,193

Reverse Repurchase Agreements

The Association invests in overnight reverse repurchase agreements with the Texas Treasury Safekeeping Trust Company ("TTSTC"). These invested funds were received during the issuance of bonds during 2014. The funds are held at the TTSTC to be used for debt service and for use when a catastrophic event occurs (See Note 14). The reverse repurchase agreements are to be fully collateralized by at least 100% for Treasuries; 101% for Agencies and U.S Instrumentalities or 102% for mortgage-backed securities. The fair value of reverse repurchase agreements was approximately $503,773 and $0 as of December 31, 2014 and 2013, respectively.

The Association has not pledged any of its assets as collateral as of December 31, 2014 and 2013.

Reverse Repurchase Agreements

	$	**503,773**	$	-

(Amounts in Thousands)

2. Restricted Assets

Restricted assets (including pledged) summarized by restricted asset category. Assets restricted below are held by the TTSTC and are restricted for use for debt service reserves and for when a catastrophic event occurs (See Note 14). These assets are invested in overnight reverse repurchase agreements.

	Gross Restricted								Percentage	
	Current Year									
	1	2	3	4	5	6	7	8	9	10
Restricted Asset Category	Total General Account (G/A)	G/A Supporting S/A Restricted Assets (a)	Total Protected Cell Account Restricted Assets	Protected Cell Account Assets Supporting G/A Activity (b)	Total (1 plus 3)	Total From Prior Year	Increase / (Decrease) (5 minus 6)	Total Current Year Admitted Restriced	Gross Restricted to Total Assets	Admitted Restricted to Total Admitted Assets
Subject to reverse repurchase	$ 503,773	$ -	$ -	$ -	$ 503,773	$ -	$ 503,773	$ 503,773	41.64%	43.94%
Total restricted assets	$ 503,773	$ -	$ -	$ -	$ 503,773	$ -	$ 503,773	$ 503,773	41.64%	43.94%

3. Furniture and Equipment

Furniture and equipment consist of the following:

December 31,	**2014**	2013
Furniture and equipment	**$ 1,008**	$ 1,168
Electronic data processing equipment and software	**11,887**	12,612
Leasehold improvements	**1,858**	1,858
	14,753	15,638
Less: accumulated depreciation	**(5,272)**	(5,116)
	9,481	10,522
Less: non-admitted furniture and equipment	**(9,481)**	(10,522)
	$ -	$ -

Depreciation expense was approximately $1,001 and $1,091 for the years ended December 31, 2014 and 2013, respectively.

4. Reinsurance

During 2014 and 2013, the Association entered into reinsurance agreements. These agreements reduce the amount of losses that can arise from claims under a general reinsurance contract known as a catastrophe aggregate excess of loss reinsurance agreement (“aggregate excess of loss”) and catastrophe excess of loss reinsurance agreement (“excess of loss”).

Aggregate Excess of Loss

Effective June 1, 2014, the reinsurance contracts are to indemnify the Association in respect of the liability that may accrue to the Association as a result of loss or losses under Policies classified by the Association as Property business, including, but not limited to Residential, Commercial and Inland Marine business, in force at the inception of this Contract, or written or renewed during the term of this Contract by or on behalf of the Association. The reinsurer shall be liable in the aggregate in respect of losses occurring during the term of the contract for 100% of the Ultimate Net Loss over and above an initial Ultimate Net Loss of $1,900,000, subject to limits of liability to the Reinsurer of $1,450,000.

Excess of Loss

Effective June 1, 2013, the reinsurance contract is to indemnify the Association in respect of the liability that may accrue to the Association as a result of loss or losses under Policies classified by the Association as Property business, including, but not limited to Residential, Commercial and Inland Marine business, in force at the inception of this Contract, or written or renewed during the term of this Contract by or on behalf of the Association. The reinsurer shall be liable in respect of each Loss Occurrence for 100% of the Ultimate Net Loss over and above an initial Ultimate Net Loss of $1,700,000 each Loss Occurrence, subject to limits of liability to the Reinsurer of $1,000,000 each Loss Occurrence, and $1,000,000 for all Loss Occurrences commencing during the term of the contract.

Ceded reinsurance is treated as the risk and liability of the assuming companies; however, the reinsurance contracts do not relieve the Association from its obligations to policyholders. Failure of reinsurers to honor their obligations could result in losses to the Association. The Association evaluates the financial conditions of its reinsurers to minimize its exposure to significant losses from reinsurer insolvencies.

The Association has no unsecured reinsurance recoverables which exceed 3% of the Association’s surplus as of December 31, 2014 and 2013.

(Amounts in Thousands)

The effect of reinsurance on premiums written and earned for the years ended December 31, 2014 and 2013 is as follows:

	2014		2013	
	Written	**Earned**	Written	Earned
Direct	**$ 494,037**	**$ 484,049**	$ 472,739	$ 456,630
Ceded	**(116,494)**	**(116,494)**	(116,331)	(161,500)
Net	**$ 377,543**	**$ 367,555**	$ 356,408	$ 295,130

During 2014 and 2013, the Association recovered $0 and approximately $27,000 of paid losses and loss adjustment expenses relating to reinsurance contracts, respectively.

5. Ceded Reinsurance Premiums Payable

Ceded reinsurance premiums payable are reported net of reinsurance ceding commissions receivable as follows:

December 31,	**2014**	2013
Ceded reinsurance premiums payable	**$ 28,819**	$ 26,761
Reinsurance ceding commissions receivable	**(1,442)**	(2,016)
	$ 27,377	$ 24,745

6. Unearned Premiums

Unearned premiums are reported net of ceded unearned premiums as follows:

December 31,	**2014**	2013
Gross unearned premiums	**$ 244,726**	$ 234,739
Ceded unearned premiums	**-**	-
	$ 244,726	$ 234,739

The amount of return commission that would have been due the reinsurers if they or the Association had cancelled the Association's excess of loss reinsurance agreement would have been $0 as of December 31, 2014 and 2013, respectively.

(Amounts in Thousands)

7. Loss and Loss Adjustment Expenses

Activity in the liability for unpaid losses and loss adjustment expenses is summarized as follows:

December 31,	**2014**	2013
Beginning balance	**$ 132,959**	$ 378,717
Incurred related to:		
Current loss year	**11,438**	91,713
Prior loss years	**(25,432)**	(87,738)
Losses and loss adjustment expense incurred	**(13,994)**	3,975
Paid related to:		
Current loss year	**(8,411)**	(78,504)
Prior loss years	**(39,245)**	(171,229)
Paid losses and loss adjustment expense	**(47,656)**	(249,733)
Ending balance	**$ 71,309**	$ 132,959

Current year changes in estimates of the cost of prior year losses and LAE affect the current year statutory statement of income. Increases in those estimates increase current year expense and are referred to as unfavorable development or prior year reserve shortages. Decreases in those estimates decrease current year expense and are referred to as favorable development or prior year reserve redundancies. Current year losses and LAE reflected on the statutory statement of approximately $13,994 are lower by approximately $25,432 due to favorable development of prior year estimates. The favorable development is related to a net decrease in the ultimate losses and LAE from 2008 storms. Increases or decreases of this nature occur as the result of claim settlements and receipt and evaluation or additional information regarding unpaid claims. Recent development trends are also taken into account in evaluating the overall adequacy of reserves. The Association feels that the loss and LAE reserves as of December 31, 2014 make a reasonable provision for the Association's claim liabilities.

The December 31, 2013 direct loss and LAE reserves decreased approximately $245,758 from 2012. This decrease in reserves was the result of a net decrease in the ultimate losses and LAE from 2008 storms.

8. Statutory Fund

In 1993, the Texas legislature created the Catastrophe Reserve Trust Fund ("Trust Fund"). At the end of each year and pursuant to administrative rules, the Association shall deposit the net gain from operations of the Association in excess of incurred losses, operating expenses, public security obligations, and public security administrative expenses into the Trust Fund and/or purchase reinsurance. Pursuant to Tex. Ins. Code §2210.259, a surcharge is charged on non-compliant structures insured by the Association, and these surcharges are deposited monthly into the Trust Fund.

When an occurrence or series of occurrences in a catastrophe area, the association shall pay losses in excess of premium and other revenue of the association from available reserves of the association and available amounts in the Trust Fund. Administrative rules adopted by the commissioner of insurance establish the procedures relating to the disbursement of money from the Trust Fund.

The Texas Comptroller of Public Accounts ("comptroller") administers the catastrophe reserve trust fund in accordance with Tex. Ins. Code, Chapter 2210. All money, including investment income, deposited in the catastrophe reserve trust fund, are state funds to be held by the comptroller outside the state treasury on behalf of, and with legal title in, the Texas Department of Insurance ("TDI") until disbursed as provided by the Tex. Ins. Code, Chapter 2210 and administrative rules adopted by the TDI under the Association's Plan of Operation.

The trust fund may be terminated only by law. On termination of the trust fund, all assets of the trust fund revert to the state of Texas to provide funding for the mitigation and preparedness plan established under Tex. Ins. Code, §2210.454.

For the years ending December 31, 2014 and 2013, statutory fund costs were approximately $262,719 and $22,830, respectively.

(Amounts in Thousands)

9. Employee Benefit Plans

Defined Benefit Plan. The Association has a defined pension benefit plan, which covers employees from their date of hire, if the employee is scheduled to work at least 1,000 hours in a twelve-month period. Pension benefits are based on years of service and the employee's compensation during the five highest consecutive years' earnings from the last ten years of employment. An employee's benefits vest 5 years from date of hire. The Association makes contributions to the plan that complies with the minimum funding provisions of the Employee Retirement Income Security Act. Such contributions are included in general expenses. As of December 31, 2014 and 2013, the Association accrued in accordance with actuarially determined amounts with an offset to the pension cost accrual for the incremental asset amortization.

The following sets forth a summary of projected benefit obligations, plan assets, funded status, benefit costs and assumptions of the defined pension benefit plan as follows:

December 31,	**2014**	2013
Change in Projected Benefit Obligations (PBO) (Underfunded):		
Benefit obligation at beginning of year	$ **11,797**	$ 10,701
Service cost	**975**	1,167
Interest cost	**586**	500
Actuarial (gain) loss	**3,023**	(1,455)
Benefits paid	**(360)**	(276)
Plan amendments*	**-**	1,160
Projected benefit obligation at end of year	**16,021**	11,797

**Plan amendments includes recognition of non-vested PBO under SSAP No. 102*

Change in Plan Assets:		
Fair value of plan assets at beginning of year	**9,710**	7,925
Actual return on plan assets	**704**	1,026
Employer contributions	**1,034**	1,035
Benefits paid	**(360)**	(276)
Fair value of plan assets at end of year	**11,088**	9,710
Funded status	$ **(4,933)**	$ (2,087)

(Amounts in Thousands)

December 31,		**2014**		2013

Unrecognized liabilities as a component of net periodic benefit cost		**-**		-
Funded status	**$**	**(4,933)**	$	(2,087)
Accumulated benefit obligation	**$**	**14,487**	$	10,619

Years ended December 31,		**2014**		2013
Components of Net Periodic Benefit Costs:				
Service costs	**$**	**975**	$	1,167
Interest costs		**586**		500
Expected return on plan assets		**(619)**		(519)
Amount of loss recognized		**-**		174
Prior service cost or credit		**-**		1,160
Total net periodic benefit cost	**$**	**942**	$	2,482

(Amounts in Thousands)

Years ended December 31,		**2014**		2013
Amounts in unassigned funds (surplus) recognized as components of net periodic benefit cost:				
Items not yet recognized as a component of net periodic cost – prior year	**$**	**777**	$	2,913
Net transition asset or obligation recognized		**-**		-
Net prior service cost or credit arising during the period		**-**		1,160
Net prior service cost or credit recognized		**-**		(1,160)
Net gain and (loss) arising during the period		**2,938**		(1,962)
Net loss recognized		**-**		(174)
Items not yet recognized as a component of net periodic cost – current year	**$**	**3,715**	$	777

Years ended December 31,		**2014**		2013
Amounts in unassigned funds (surplus) expected to be recognized in the next fiscal year as components of net periodic benefit cost:				
Net transition asset or obligation	**$**	**-**	$	-
Net prior service cost or credit	**$**	**-**	$	-
Net recognized gains and losses	**$**	**209**	$	-

Years ended December 31,		**2014**		2013
Amounts in unassigned funds (surplus) that have not yet been recognized as components of net periodic benefit cost:				
Net transition asset or obligation	**$**	**-**	$	-
Net prior service cost or credit	**$**	**-**	$	-
Net recognized gains and losses	**$**	**3,715**	$	777

(Amounts in Thousands)

Pension Assumptions:

December 31,	**2014**	2013
Weighted-average assumptions used to determine net periodic benefit cost:		
Discount rate	**5.00%**	4.25%
Rate of compensation increase	**2.50%**	2.50%
Expected long-term rate of return of plan assets	**6.25%**	6.25%
Weighted-average assumptions used to determine projected benefit obligations:		
Weighted-average discount rate	**4.25%**	5.00%
Rate of compensation increase	**2.50%**	2.50%

The amount of accumulated benefit obligation for defined benefit pension plans was approximately $14,487 and $10,619 as of December 31, 2014 and 2013, respectively.

Measurement Date
A measurement date of December 31, 2014 was used to determine the above.

Asset Allocation
The defined benefit pension plan asset allocation as of the measurement date presented as a percentage of total plan assets were as follows:

December 31,	**2014**	2013
Equity securities	**50.1%**	59.9%
Debt securities	**48.9%**	37.5%
Real estate	**0.0%**	0.0%
Other	**1.0%**	2.6%
	100.0%	100.0%

(Amounts in Thousands)

The investment policy of the Plan is to maximize the total return of the fund while maintaining a strong emphasis on preservation of capital. The total portfolio is expected to be less volatile than the market the vast majority of the time. The plan assets are invested in a mix of equity and fixed income investments subject to target allocation ranges. The target allocation range for fixed income investments is between 20% and 40%. The target allocation range for international equity investments is between 10% and 20%. Remaining funds not invested in the categories above are to be invested in short-term cash equivalents such as money market funds.

The long-term rate of return represents the expected average rate of return on the plan assets based on the expected long-term asset allocation of the plan. Several factors are considered, including historical market index returns, expectations of future returns in each asset classes, and the potential to outperform market index returns.

Future Payments

The following estimated future payments, which reflect expected future service, as appropriate, are expected to be paid in the years indicated:

Years ending December 31,	Amount
2015	$ 399
2016	453
2017	503
2018	567
2019	616
2020 and thereafter	4,082

Planned Contributions

The Association expects to make contributions of $931 during the year ending December 31, 2015.

(Amounts in Thousands)

	January 1, 2013	Sales	Return on Assets Still Held	December 31, 2013
Limited partnerships	$ 21	$ (7)	$ -	$ 14
Total plan assets	$ 21	$ (7)	$ -	$ 14

Defined Contribution Plan. The Association has a defined contribution 401(k) plan available to eligible employees after six months of employment. The Association contributed approximately $587 and $525 for the years ended December 31, 2014 and 2013, respectively.

10. Lease Commitments

Association leases office space under a non-cancellable operating lease agreement which expires in 2022. Future minimum lease payments, by year and in the aggregate, under a non-cancellable operating lease with initial or remaining terms of one year or more consisted of the following at December 31, 2014:

Years ending December 31,	Amount
2015	$ 768
2016	786
2017	957
2018	983
2019 and thereafter	4,195
	$ 7,689

Rental expense under the non-cancelable operating lease was approximately $1,302 and $1,281 for the years ended December 31, 2014 and 2013, respectively.

(Amounts in Thousands)

11. Federal Income Taxes

The components of the net deferred tax assets at December 31 are as follows:

December 31, 2014		Ordinary		Capital		Total
Gross deferred tax assets	**$**	**109,514**	**$**	**-**	**$**	**109,514**

Net admitted deferred tax assets	$	-	$	-	$	-

(Amounts in Thousands)

The amount of each result or component of the calculation, by tax character, of paragraphs 11a, 11b, and 11c:

December 31, 2014	Ordinary		Capital		Total	
Recovered through loss carrybacks (11a)	**$**	-	**$**	-	**$**	-
Expected to be recognized after application of the threshold limitation (11b)		-		-		-
Adjusted gross DTAs offset against existing DTLs (11c)		-		-		-
Total	**$**	-	**$**	-	**$**	-
Total adjusted capital used to determine recovery period and threshold limitation above					**$**	-
Authorized control level					**$**	-
ExDTA ACL RBC ratio						-

December 31, 2013	Ordinary		Capital		Total	
Recovered through loss carrybacks (11a)	$	-	$	-	$	-
Expected to be recognized after application of the threshold limitation (11b)		-		-		-
Adjusted gross DTAs offset against existing DTLs (11c)		-		-		-
Total	$	-	$	-	$	-
Total adjusted capital					$	-
Authorized control level					$	-
ExDTA ACL RBC ratio						-

There was no impact of tax planning strategies on adjusted gross DTA’s and net admitted DTA’s.

(Amounts in Thousands)

Current income taxes incurred consist of the following major components:

Years ended December 31,		**2014**		2013		Change
Federal	**$**	**6,938**	$	-	$	6,938
Foreign		**-**		-		-
Realized capital gains		**-**		-		-
Federal and foreign income taxes incurred	**$**	**6,938**	$	-	$	6,938

The tax effect of temporary differences that give rise to significant portions of the deferred tax assets and deferred tax liabilities are as follows:

December 31,		**2014**		2013		Change
Deferred tax assets:						
Ordinary:						
Discount on unpaid losses and LAE	**$**	**-**	$	992	$	(992)
Net operating loss carry-forward		**109,514**		187,654		(78,140)
Total ordinary deferred tax assets		**109,514**		188,646		(79,132)
Statutory valuation allowance adjustment		**(109,514)**		(188,646)		79,132
Non-admitted deferred tax assets		**-**		-		-
Total deferred tax assets		**-**		-		-
Deferred tax liabilities:						
Ordinary:		**-**		-		-
Other		**-**		-		-
Total deferred tax liabilities		**-**		-		-
Net admitted deferred tax assets	**$**	**-**	$	-	$	-

The significant items causing a difference between the statutory federal income tax rate and the Association's effective income tax rate are as follows:

(Amounts in Thousands)

Years ended December 31,	**2014**	2013
Provision computed at statutory rate	**$ -**	$ -
Section 115(1) income	**-**	-
Accrual adjustments – prior year Section 115(1) income	**-**	-
Other	**-**	-
Total statutory income taxes	**$ -**	$ -

Years ended December 31,	**2014**	2013
Federal and foreign income taxes incurred	**$ 6,938**	$ -
Realized capital gains tax	**-**	-
Change in non admitted assets	**(6,938)**	-
Total statutory income taxes	**$ -**	$ -

At December 31, 2014, the Association has the following unused operating loss carryforwards available to offset against future taxable income:

Year	Amount
2014	$ 176,594
2013	128,718
2012	16,790

The Association did not have any income tax expense that is available for recoupment in the event of future net losses.

The Association did not have any protective tax deposits under Section 6603 of the Internal Revenue Code.

12. Related Parties

Pursuant to the Association's Plan of Operation, the Board of Directors consists of nine voting members and one non-voting member appointed by the Commissioner of the Texas Department of Insurance. Four members must be representatives of the insurance industry. Four members must reside in the first tier coastal counties. At least one member appointed must be a property and casualty agent who is licensed.

13. Service Contract with Texas Fair Plan Association

During 2002, the Association entered into a service contract with The Texas Fair Plan Association (the "Plan") in which the Association is to be fully reimbursed for all expenditures, professional fees, consulting services, allocated employee time, lost investment income and other costs directly associated with the services provided by the Association on behalf of the Plan. During 2014 and 2013 the Association paid expenses for the Texas Fair Plan Association under its management contract and was reimbursed $7,493 and $8,060, respectively. As of December 31, 2014 and 2013, the Association incurred or paid expenses for which it has not been reimbursed of $715 and $729, respectively, on behalf of the Plan. These amounts are recognized in the statutory statements of admitted assets, liabilities, surplus and other funds as a receivable from TFPA.

14. Borrowed Money – Bonds Payable

The Texas Public Finance Authority (the “Authority” or the “Issuer”) has issued the Texas Public Finance Authority Class 1 Revenue Bonds (Texas Windstorm Insurance Association Program), Taxable Series 2014 (the “Bonds”) on behalf of TWIA for the purposes of financing future costs in the amount of $500,000. The Bonds are issued pursuant to a master resolution adopted by the Board of Directors of the Authority on September 24, 2014 (the “Master Resolution”), and a first supplemental resolution adopted by the Board of Directors of the Authority on September 24, 2014 (the “First Supplemental Resolution”, and together with the Master Resolution, the “Resolutions”). The Bonds constitute the initial series of Class 1 Public Securities of the Authority secured and payable from Class 1 Pledged Revenues irrevocably pledged under the Resolutions. TWIA has pledged the Class 1 Pledged Revenues to the Authority pursuant to a Financing and Pledge Agreement dated as of September 1, 2014 between the Authority and TWIA.

The secured Bonds were issued on September 30, 2014 for $500,000 which is fully outstanding as of December 31, 2014. The bonds mature July 1, 2024 and can be called by the Issuer beginning January 1, 2020. The Bonds bear interest from 5.25% to 8.25% with an effective interest rate of 8.03%. Interest is payable semi-annually beginning on January 1, 2015. The Bonds are secured by TWIA’s net premium and other revenue which is used to fund the Debt Service and related accounts held by the Texas Treasury Safekeeping Trust Company.

There are various general and special covenants. The primary covenant, which exists as long as there are outstanding Class 1 Public Securities and Administrative Expenses are incurred, states that TWIA will take actions that produce Projected net Coverage Revenues in an amount not less than 1.25 times the Obligations due in the next calendar year and 1.25 times the estimated amount of Administrative Expenses due in the next calendar year. Another covenant, which exists as long as the Bonds are outstanding, states that TWIA will maintain the Operating bank account subject to a deposit account control agreement to maintain a perfected security interest in the Net Premiums and Other Revenue held for the benefit of the Bondholders. The deposit account control agreement is activated upon default of certain debt covenants. As of December 31, 2014, TWIA is not in violation of these or any of the other various covenants.

The Bonds are subject to optional make-whole redemption, in whole or in part, at the option of the Authority, at the request of TWIA prior to July 1, 2019 at a redemption price equal to the greater of (i) 100% of the principal amount of the Bonds to be redeemed or (ii) the sum of the present values of the remaining schedule payments of principal and interest on the Bonds to be redeemed (exclusive of interest accrued to the date fixed for redemption) discounted to the date of redemption on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate plus 100 basis points, plus in each case, accrued and unpaid interest on the Bonds being redeemed to the date fixed for redemption.

The Bonds are also subject to optional redemption prior to maturity on or after July 1, 2019, in whole or in part, at a redemption price equal to the principal amount of Bonds to be redeemed plus accrued interest to the date of redemption.

As of December 31, 2014, the Bonds had no unamortized premium or discount. Bond issuance costs amounted to approximately $7,110 for the year ending December 31, 2014. Bond issuance costs are expensed as incurred.

Interest expense incurred is recorded as an investment expense and was approximately $9,779 for the year ending December 31, 2014. No interest was paid during 2014.

(Amounts in Thousands)

Changes in borrowed money - bonds payable for the year ending December 31, 2014 is as follows:

Description	Bonds Outstanding December 31, 2013	Bonds Issued	Bonds Matured	Bonds Outstanding December 31, 2014
Taxable Series 2014	$ -	$ **500,000**	$ -	$ **500,000**

The aggregate maturities for the next five years and thereafter is as follows:

Years Ended December 31,	Amount
2015	$ -
2016	**41,600**
2017	**43,800**
2018	**46,100**
2019	**49,900**
2020 and thereafter	**318,600**
On Demand	-
	$ 500,000

15. Commitments and Contingencies

The Association is subject to various investigations, claims and legal proceedings covering a wide range of matters that arise in the ordinary course of its business activities. Management believes that any liability that may ultimately result from the resolution of these matters in excess of the amounts provided will not have a material adverse effect on the financial position of the Association. These matters are subject to various uncertainties, and some of these matters may be resolved unfavorably to the Association.

16. Concentration of Credit Risk

The Association maintains deposits of cash in excess of federally insured limits with certain financial institutions. The Association has not experienced any losses in such accounts and believes they are not exposed to any significant credit risk on cash.

The Association writes windstorm and hail coverage primarily in the 14 counties along the Texas coast in which it has approximately $87,000,000 and $85,000,000 of insurance exposure as of December 31, 2014 and 2013, respectively.

(Amounts in Thousands)

17. Nonadmitted Assets

Nonadmitted assets consisted of the following:

December 31,		**2014**		2013
Prepaid expenses and receivables	**$**	**635**	$	745
Federal income tax recoverable		**53,230**		60,169
Furniture and equipment		**9,481**		10,522
Total nonadmitted assets	**$**	**63,346**	$	71,436

18. Fair Value Measurements

The estimated fair values and carrying values of the Association's financial instruments are as follows:

	2014				2013			
December 31,		**Carrying Amount**		**Fair Value**		Carrying Amount		Fair Value
Cash and cash equivalents	**$**	**1,145,358**	**$**	**1,145,358**	$	439,193	$	439,193

19. Reconciliation with Annual Statement

There were no differences between the 2014 and 2013 annual statements as filed with the Texas Department of Insurance and the 2014 and 2013 audited statutory financial statements.

20. Subsequent Events

The Association has evaluated subsequent events occurring after December 31, 2014, the date of the most recent balance sheet date, through April 24, 2015, the date the financial statements were issued. The Association does not believe any subsequent events have occurred that would require further disclosure or adjustment to the statutory financial statements.

Texas Windstorm Insurance Association

Supplemental Investment Risk Interrogatories
December 31, 2014
(Amounts in Thousands)

1)	Reporting entity's total admitted assets as reported in the accompanying financial statements.	$ 1,146,483

Questions 2 through 23 are not applicable.

See accompanying independent auditors' report on supplemental information.

7.1 Has the reporting entity reinsured any risk with any other entity under a quota share reinsurance contract that includes a provision that would limit the reinsurer's losses below the stated quota share percentage (e.g., a deductible, a loss ratio corridor, a loss cap, an aggregate limit or any similar provisions)? YES[ ] NO [X]

7.2 If yes, indicate the number of reinsurance contracts containing such provisions. N/A

7.3 If yes, does the amount of reinsurance credit taken reflect the reduction in quota share coverage caused by any applicable limiting provision(s)? YES[ ] N/A [X]

9.1 Has the reporting entity ceded any risk under any reinsurance contract (or under multiple contracts with the same reinsurer or its affiliates) for which during the period covered by the statement (i) it recorded a positive or negative underwriting result greater than 5% of prior year-end surplus as regards policyholders or it reported calendar year written premium ceded or year–end loss and loss expense reserves ceded greater than 5% of prior year-end surplus as regards policyholders; (ii) it accounted for that contract as reinsurance and not as a deposit; and (iii) the contract(s) contain one or more of the following features or other features that would have similar results:

(a) A contract term longer than two years and the contract is noncancellable by the reporting entity during the contract term;

(b) A limited or conditional cancellation provision under which cancellation triggers an obligation by the reporting entity; or an affiliate of the reporting entity, to enter into a new reinsurance contract with the reinsurer, or an affiliate of the reinsurer;

(c) Aggregate stop loss reinsurance coverage;

(d) A unilateral right by either party (or both parties) to commute the reinsurance contract, whether conditional or not, except for such provisions which are only triggered by a decline in the credit status of the other party;

(e) A provision permitting reporting of losses, or payment of losses, less frequently than a quarterly basis (unless there is no activity during the period); or

(f) Payment schedule, accumulating retentions from multiple years or any features inherently designed to delay timing of the reimbursement to the ceding entity. YES[X] NO [ ]

(Amounts in Thousands)

9.2 Has the reporting entity during the period covered by the statement ceded any risk under any reinsurance contract (or under multiple contracts with the same reinsurer or its affiliates), for which, during the period covered by the statement, it recorded a positive or negative underwriting result greater than 5% of prior year-end surplus as regards policyholders or it reported calendar year written premium ceded or year-end loss and loss expense reserves ceded greater than 5% of prior year-end surplus as regards policyholders; excluding cessions to approved pooling arrangements or to captive insurance companies that are directly or indirectly controlling by, or under control with (i) one or more unaffiliated policyholders of the reporting entity, or (ii) an association of which one or more unaffiliated policyholders of the reporting entity is a member where:

(a) The written premium ceded to the reinsurer by the reporting entity or its affiliates represents fifty percent (50%) or more of the entire direct and assumed premium written by the reinsurer based on its most recently available financial statement; or

(b) Twenty-five percent (25%) or more of the written premium ceded to the reinsurer has been retroceded back to the reporting entity or its affiliates in a separate reinsurance contract? YES[X] NO [ ]

9.3 If yes to 9.1 or 9.2, please provide the following information in the Reinsurance Summary Supplemental Filing for General Interrogatory 9:

(a) The aggregate financial statement impact gross of all such ceded reinsurance contacts on the balance sheet and statement income.

Financial Impact – Section A	As Reported	Interrogatory 9 Reinsurance Effect	Restated Without Interrogatory 9 Reinsurance
Assets – Line 1			
Assets	$ 1,146,483	$ -	$ 1,146,483
Liabilities	1,146,483	27,377	1,119,106
Surplus as regards to policyholders	-	(27,377)	27,377
Income before taxes	1,787	(110,530)	112,317

See accompanying independent auditors' report on supplemental information.

(b) A summary of the reinsurance contract terms and indicate whether it applies to the contracts meeting the criteria in 9.1 or 9.2; and

Effective June 1, 2014, the reinsurance program is to indemnify the Association in respect of the liability that may accrue to the Association as a result of loss or losses under policies classified by the Association as property business, including, but not limited to Residential, Commercial and Inland Marine business, in force at the inception of this contract, or written or renewed during the term of this Contract by or on behalf of the Association. The reinsurer shall be liable in the aggregate in respect of losses occurring during the term of this contract of 100% of the Ultimate Net Loss over and above an initial Ultimate Net Loss of $1,900,000, subject to a limit of liability to the Reinsurer of $1,450,000.

The contract is being reported pursuant to Interrogatory 9.1.

(c) A brief discussion of management's principle objectives in entering into the reinsurance contract including the economic purpose to be achieved.

The Association seeks to reduce the loss that may arise from catastrophes or other events that cause unfavorable underwriting results by reinsuring certain levels of risk in various areas of exposure with other insurance companies.

9.4 Except for transactions meeting the requirements of paragraph 31 of SSAP No. 62R, Property and Casualty Reinsurance, has the reporting entity ceded any risk under any reinsurance contract (or multiple contracts with the same reinsurer or its affiliates) during the period covered by the financial statement, and either:

(a) Accounted for that contract as reinsurance (either prospective or retroactive) under statutory accounting principles ("SAP") and as a deposit under generally accepted accounting principles ("GAAP"); or

(b) Accounted for that contract as reinsurance under GAAP and as a deposit under SAP? YES [ ] NO [X]

9.5 If yes to 9.4, explain in the Reinsurance Summary Supplemental Filing for General Interrogatory 9 (Section D) why the contract(s) is treated differently for GAAP and SAP. N/A

See accompanying independent auditors' report on supplemental information.
