**RE: Crop hail, flood, or earthquake premium exclusion form**

In connection with the calculation of member participation percentages in the Texas Windstorm Insurance Association (TWIA) for Texas licensed insurance companies, TWIA now relies on premiums and loss information provided to it by the Texas Department of Insurance for each carrier. As a result, Texas licensed insurance companies no longer have to provide their annual year-end Texas State Financial page (Exhibit of premium and losses) each year.

TWIA still needs to collect the supplemental exclusion form that indicates if your company has any premium for **crop hail, flood, or earthquake** policies included in lines 2.1, 3, 4, and 5.1 on the Texas State Financial page.

Attached, please find the supplemental exclusion form to identify crop hail, flood, or earthquake premiums where they are included on lines 2.1, 3, 4, or 5.1 of your annual statement. **Please return the supplemental exclusion form by March 1, 2021 to:**
