What is TWIA?

- Established by Texas Legislature in 1971
 - In response to market constrictions on Texas coast after several hurricanes
 - TWIA's governing statute is Texas Insurance Code, Chapter 2210
 - Regulated by the Texas Department of Insurance (TDI)
- Residual Market Insurer – Market of Last Resort
 - Provides adequate market for wind and hail insurance on the Texas coast
 - Does not compete with the private insurance market
 - Provides coverage to those unable to obtain it in the private market
 - All property insurers authorized to write property insurance in Texas are members of TWIA
- Operates as a Not-for-Profit Insurance Company
 - Collects premiums, issues policies, pays claims
 - Annually deposits net gains into Catastrophe Reserve Trust Fund (CRTF)
 - Does not receive Texas General Revenue Funds
 - Not a State Agency

TWIA Governance

- **Regulated by the Texas Department of Insurance (TDI)**

- TDI adopts the rules to implement TWIA's governing statute, Texas Insurance Code, Chapter 2210
- TWIA's Plan of Operation is a TDI rule

- **Nine-member, Volunteer Board of Directors**

- Members Appointed by the Commissioner of Insurance
- Composed of 3 coastal, 3 inland, and 3 industry members who reside in the state of Texas
- Conflict of interest requirements apply to coastal and inland members

Name	Member Representation
Karen Guard <i>Chair</i>	Insurance Industry Representative
Tim Garrett <i>Vice-Chair</i>	Inland Territory Representative
Greg Smith <i>Secretary/Treasurer</i>	First-Tier Coastal Representative
Dr. Etti Baranoff	Inland Territory Representative
Jamie Carsey	Insurance Industry Representative
Rolando Rubiano	First-Tier Coastal Representative
Terrilyn Tarlton Shannon	First-Tier Coastal Representative
Mark Shewmaker	Inland Territory Representative
John Todd	Insurance Industry Representative

TWIA Facts & Figures¹

- As of June 30, 2026:
 - TWIA insures 288,676 properties.
 - TWIA's total insured value is approximately \$128.3 billion (insured building and contents coverage).
 - TWIA has written more than \$399 million in premiums.
- The Association currently has 255 employees and 80 contractors.
- Comparing operating costs as a % of premium:
TWIA: 4.9% | TX Private Market: 9.8%² | 37 Residual Market Plans: 33.9%³
- TWIA is the largest residential allied lines writer in Texas⁴ and has the 3rd most policies in force of the 37 residual market plans behind Citizens of Florida and California FAIR Plan⁵.

¹ Data as of 6/30/2026

² From the State of Texas Insurance Expense Exhibits for Calendar Year 2025

³ Data for 37 US Property Insurance Plans as of 12/31/2024

⁴ Based on the TDI 2025 Market Conditions Report

⁵ Data for 37 US Property Insurance Plans as of 12/31/2024

Historical Policy Count and Exposure

Policy Count & Exposures By Year

Year	Policy Count	Exposures	Written Premiums
2016	254,346	\$73.4 B	\$487.4 M
2017	231,567	\$65.0 B	\$423.1 M
2018	202,208	\$58.0 B	\$395.6 M
2019	189,203	\$55.2 B	\$372.1 M
2020	184,890	\$55.0 B	\$369.6 M
2021	193,002	\$59.5 B	\$395.1 M
2022	222,480	\$75.7 B	\$518.3 M
2023	247,531	\$95.7 B	\$653.1 M
2024	272,567	\$113.7 B	\$758.8 M
2025	284,846	\$126.5 B	\$820.9 M
Q2 2026	288,676	\$128.3 B	\$399.2 M

Market Share: TWIA vs. Private Market

Policy & Exposure Distribution by County

County*	Policies	Exposures
Aransas	9,153	\$4,448,925,800
Brazoria	58,151	\$25,724,389,900
Calhoun	4,756	\$1,817,125,700
Cameron	11,303	\$5,105,295,700
Chambers	9,137	\$4,483,745,900
Galveston	87,273	\$42,685,230,200
Harris	4,555	\$2,072,710,500
Jefferson	35,098	\$12,860,283,900
Kenedy	34	\$9,864,900
Kleberg	1,152	\$428,669,400
Matagorda	5,932	\$2,224,539,900
Nueces	51,324	\$22,148,477,700
Refugio	513	\$180,780,500
San Patricio	9,878	\$3,896,007,900
Willacy	417	\$166,061,600
Total	288,676	\$128,252,109,500

*Data as of 6/30/2026

TWIA's highest area of exposure is in Galveston County, followed by Brazoria and Nueces Counties.

Eligibility Requirements

1. Properties must be **located in the area designated by the Commissioner of Insurance**
 - Includes the 14 first tier coastal counties and a portion of Harris County east of Hwy. 146
2. Applicants must have been **denied coverage** by at least 1 private market insurer actively writing wind and hail insurance in the 14 first tier coastal counties.
3. Policyholders in flood zones may be required to purchase **flood insurance**
4. Properties must comply with applicable **windstorm building code** requirements
5. Properties must be in an **insurable condition**

Maximum Liability Limits

- TWIA must file proposed changes to policy coverage limits with TDI by September 30 each year.
- Few policies are insured to the maximum limits available for each policy type TWIA covers.

The current maximum limits are:

Dwellings and individually owned townhouses:

\$1,773,000 | 0.4% Insured to Max Limit

Commercial structures and associated contents:

\$4,424,000 | 2.4% Insured to Max Limit

Manufactured homes:

\$119,000 | 2.5% Insured to Max Limit

Contents of an apartment, condo, or townhouse:

\$374,000 | 1.5% Insured to Max Limit

Amount of Insurance Coverage

Data as of 6/30/2026

- The average amount of insurance for residential structures is \$334,332.
- The average amount of insurance for non-residential structures (commercial and governmental) is \$702,448.

How We Work with Insurance Agents

- **TWIA does not employ or contract with insurance agents**
 - Any Texas-licensed insurance agent may register with TWIA
- **Agents:**
 - Submit policy applications to TWIA for their clients
 - Represent the policyholder in policy transactions
 - Handle policyholders' coverage questions and policy changes
- **Agent commissions**
 - 16% commission on residential and commercial policies
 - 12% commission on manufactured home policies

TWIA Funding Structure

*\$500 million may be accessed pre-event

- TWIA's funding structure was reformed in the 2025 Texas legislative session to remove funding from public securities.
- The new funding structure also lowers the total minimum funding the Association must secure each storm season to the probable maximum loss (PML) for the Association for a catastrophe year with a probability of one in 50.

Funding Sources and Order:

- **Premiums and Other Revenue:** Premiums collected in the normal course of business.
- **The CRTF Balance:** Account maintained by the Texas Comptroller for TWIA to save funds for future catastrophe claims.
- **State Financing Arrangement:** TWIA can access up to \$1 billion through a state financing arrangement per storm season.
 - Up to \$500 million of this arrangement may be accessed pre-event, AND up to \$2 billion in state financing may be outstanding at any point in time
 - The arrangement must be repaid within 3 years via statewide policy surcharges on multiple property and casualty lines of insurance.
- **Member Assessments:** TWIA may charge assessments to Texas private-market property insurers to pay claims.
- **Reinsurance or Alternative Risk Financing:** Insurance coverage purchased by TWIA to ensure money is available to honor claim payments when catastrophic losses exceed current funds.
 - Reinsurance is purchased using policyholder premiums and must be in an amount sufficient to meet the minimum required funding level.
 - Member companies may be assessed for reinsurance purchased above the minimum required funding level of a 50-year storm season.

Reinsurance Funding

- TWIA utilizes reinsurance and catastrophe bonds as part of its overall reinsurance program.
 - These are the last sources that may be accessed in TWIA's funding structure for the payment of hurricane losses.
- Current statute requires TWIA to purchase reinsurance to cover any losses in excess of the other funding sources up to the 50-year Probable Maximum Loss.
 - The cost of this reinsurance is paid directly from TWIA premiums.
- Funds from reinsurance and catastrophe bonds are available immediately after a qualifying event, as determined contractually.

Traditional Reinsurance

Reinsurance is a form of insurance purchased by insurance companies from specialized reinsurance companies.

Catastrophe Bonds

Catastrophe Bonds are a form of collateralized reinsurance in which one or more investors provide the funding for the reinsurance amount in exchange for risk-based interest payments.

Member Company Assessments

- TWIA has the authority to assess its member companies up to \$1 billion to fund losses.
- Member companies include all insurance companies authorized to write property insurance in Texas, with limited exceptions.
- These assessments are levied by the TWIA Board of Directors with approval by TDI.
- Member companies are not permitted to recoup the assessments through premium surcharges or tax credits.
- Payment of assessments is enforced by TDI, and there have, historically, been very few uncollected assessments.

2026 Hurricane Season Funding

TWIA has finalized its catastrophe funding for the 2026 hurricane season.

TWIA's 2026 reinsurance program is effective from **June 1, 2026, to May 31, 2027**, and provides \$4.3 billion in total aggregate funding, which meets the statutory minimum funding requirement.

2026 funding includes:

- \$2.3 billion of reinsurance funding
- \$1 billion in member company assessments
- \$1 billion in a state-funded financing arrangement
- \$25 million in the Catastrophe Reserve Trust Fund (CRTF)

Historical Funding Comparison

* TWIA's catastrophe funding structure was modified by House Bill 3689 (2025 legislative session)

TWIA Rates

- By law, TWIA rates must be reasonable, adequate, not unfairly discriminatory, and non-confiscatory as to any class of insurer
 - Texas Insurance Code requires that all insurance carriers' rates must be "fair" and "just."
- TWIA must make an annual rate filing with TDI by August 15 each year
- All filings for a rate increase are subject to review/approval by the Insurance Commissioner

Procedural Requirements for TWIA Rate Filings

- 2/3 Board vote required to file a rate increase
- The Board may not vote on a proposed rate increase if there is a Board vacancy for 60 or more days
- Rate adequacy analyses considered by the Board must be posted to TWIA's website 14 days prior to the Board's rate filing vote
- Public comment must be accepted prior to the Board's vote
 - Public comment may be verbal or written

TEXAS WINDSTORM
INSURANCE ASSOCIATION

Annual Rate Filing Process

Recent Rate Activity

- TWIA's 2026 Rate Adequacy Analysis indicates that TWIA's current rates are adequate by 9 percent for residential coverage and 4 percent for commercial coverage.
- The 2026 Analysis shows a significant improvement in TWIA's long-time rate inadequacy.
 - This is due to recent legislative changes that reduced the Association's minimum required catastrophe funding for each storm season and exempted TWIA from certain taxes.
- At its August 2026 meeting, the TWIA Board of Directors voted to direct staff to file a 0% rate change with the Texas Department of Insurance for 2027 policies.

Historical Rate Indications

Depopulation Programs

- **TWIA has two depopulation programs to help policyholders find coverage in the private insurance market**
- **Voluntary Market Depopulation Program**
 - Allows participating insurers to make offers on TWIA policies one at a time at policy renewal
 - 4,536 Policies Bound through the Voluntary Program
- **Assumption Reinsurance Depopulation Program**
 - Allows participating insurers to assume large numbers of TWIA policies at one time (program repeats annually)
 - Completed 6 program rounds from 2016 to 2023, resulting in the takeout of more than 16,000 policies
 - No rounds have occurred since 2023 because of a lack of insurer interest in the program

Assumption Reinsurance Depopulation Program						
Program Year	2016-2017	2017-2018	2018-2019	2019-2020	2021-2022	2022-2023
Participating Carriers	4	3	2	2	1	1
Policies Selected by Carrier	102,171	109,356	75,039	64,380	32,318	31,959
Agent-Approved Offers	18,047	3,091	3,552	1,866	210	79
Policies Assumed	11,164	1,634	2,093	1,009	125	57

TWIA Claims

- Texas Insurance Code Chapter 2210 outlines specific judicial remedies available to TWIA policyholders to resolve disputes arising over the amount of a loss or coverage of damages.
- TWIA claims are not subject to Texas Insurance Code Chapters 541 (Unfair Settlement Practices) and 542 (Prompt Payment of Claims Act), and Business Commerce Code Chapter 17 (Deceptive Trade Practices Act).
- Very few TWIA claims involve a dispute (approximately 4%).
 - Most disputed claims (88%) involve an appraisal request.
 - Only 0.36% of claims involve a lawsuit.

Accepted Claims

- If a policyholder disputes the amount TWIA will pay for an accepted loss, the policyholder must work with TWIA to resolve any disputes or request appraisal.
- Policyholders have 60 days after receiving TWIA's claim decision to request appraisal.

Denied Claims

- If a policyholder disputes TWIA's decision to partially or fully deny coverage for a claim, they must provide notification that they intend to bring suit against TWIA.
- The policyholder has two years after receipt of a claim decision to notify TWIA of their intent to file suit.

Supplemental Payments

- TWIA also offers a supplemental payment process, which allows policyholders to provide TWIA with new information about their claim so the Association may re-evaluate the claim decision for the purposes of issuing additional payment.
- Policyholders do not have to engage in the appraisal process or file a lawsuit to request a supplemental payment.

Windstorm Certification Requirements

- Texas Insurance Code Chapter 2210 requires TWIA-insured properties to be certified as meeting the windstorm building code requirements for its area, with some exceptions.
- A structure must have a **Certificate of Compliance** (WPI-8, WPI-8-E, or WPI-8-C) showing the structure conforms to the applicable windstorm building codes to be considered insurable and eligible for TWIA coverage.
- TDI administers the **Windstorm Inspection Program** and issues all Certificates of Compliance.
- TDI Windstorm Inspections:
 - **Website:** tdi.texas.gov/wind
 - **Phone:** (800) 248-6032, option 3
 - **Email:** windstorm@tdi.texas.gov

Certificates of Compliance

- There are three different Certificates of Compliance:
 - **WPI-8:** A Certificate of Compliance issued by the Texas Department of Insurance for new and ongoing improvements.
 - **WPI-8-E:** A Certificate of Compliance issued by the Texas Department of Insurance for completed improvements. The Texas Department of Insurance began accepting applications for WPI-8-Es on June 1, 2020.
 - **WPI-8-C:** A Certificate of Compliance issued by TWIA for completed improvements. TWIA accepted applications for WPI-8-Cs from January 1, 2017, to May 31, 2020.
