1 GENERAL INFORMATION

1.1 Introduction

Texas Windstorm Insurance Association (TWIA), established in 1971 by the Texas legislature and operating pursuant to Chapter 2210 of the Texas Insurance Code and Chapter 28 of the Texas Administrative Code, is an association comprising all (with limited exceptions) carriers authorized to write property casualty insurance in Texas. TWIA insures against losses due to windstorms and hail in designated areas of Texas.

This Request for Proposal (RFP) contains the instructions governing the requirements for proposals to be submitted by interested Respondents, the format in which the proposals are to be submitted and the material to be included in the proposal, the requirements that must be met to be eligible for consideration, the method of selecting a Respondent, and the Selected Respondent's duties and responsibilities.

Respondents to this RFP are expected to provide TWIA with information and evidence that will permit contracting with the provider that provides the best value to TWIA. Respondents should include in their written proposal all requirements, terms, or conditions they may have, and should assume that no opportunity exists to add such matters after the proposal's submission. Please note, however, that unacceptable terms or conditions added by a Respondent may cause TWIA to reject the proposal, despite other factors in our evaluation.

1.2 Purpose

The purpose of this RFP is to obtain proposals from qualified Respondents to provide professional services related to reinsurance brokerage services as described in Section 2 of this RFP.

TWIA is required to purchase reinsurance or use alternative risk financing mechanisms, in concert with other statutorily available sources of funding, to maintain total loss funding in an amount not less than the probable maximum loss for a catastrophe year with a probability of one in 50. The attachment point for reinsurance purchased may not be less than the aggregate amount of all other funding available.

TWIA's current reinsurance structure includes a combination of traditional reinsurance and catastrophe bonds. The program renews June 1, 2027, and the Selected Respondent will be expected to provide structure options and facilitate traditional reinsurance placement and other risk financing mechanisms, including catastrophe bonds.

1.3 TWIA Point of Contact

The TWIA representative identified below is the sole point of contact for this RFP. All communication concerning this procurement, and the proposal must be submitted by email to:

Brooke Adam
Vendor and Contract Manager
Email address: **vendormanagement@twia.org**

Other than the above-named contact person, neither prospective Respondents nor their representatives may contact TWIA representatives or employees to discuss the contents of this RFP. The restriction shall not, however, preclude discussion between affected parties for the purpose of conducting business unrelated to this procurement.

The contact person at TWIA for day-to-day administration of any contract that results from this RFP will be determined upon award. This individual may appoint one or more delegates to assist in the day-to-day administration of the contract and may notify Selected Respondent in writing of those delegates.

1.4 Submission Deadline

Responses to this RFP must be received before the hour and date specified on page 1 of this RFP. Late responses will not be considered under any circumstances and, if properly identified, will be returned by email to the Respondent unopened. Dates of receipt for email responses will be the date shown as received by our system; in no event will TWIA be liable for responses delayed by email systems. TWIA reserves the right to evaluate responses submitted prior to the stated deadline as they are received.

To be entitled for consideration, Respondents' proposals must clearly indicate that Respondents have available the necessary qualified personnel, skills, expertise, tools, equipment, systems, organization, and facilities to provide all the services required, in the manner described herein, under this RFP and any resulting contract. Proposals must demonstrate familiarity and experience with the delivery of reinsurance brokerage services as described in this RFP.

A contract amendment will be executed to reflect any additions or deletions of services, and costs for any additional services or special projects must be negotiated by the parties to the contract.

2.4 Quality Assurance Review and Third-Party Risk Assessment

The Selected Respondent must be willing to conduct a Quality Assurance Review of all work performed under any resulting contract. Additionally, the Respondent must complete Third-Party Risk Assessments as prescribed by TWIA's Third-Party Risk Management (TPRM) policy for the duration of the contract.

3 CONTRACT TERM AND RENEWAL OPTIONS

3.1 Term and Renewal

The terms of any contract resulting from this RFP shall be for one year (with specific focus on the 2027/current reinsurance program). TWIA shall have the option, in its sole discretion, to renew the contract for up to four (4) additional one-year periods. In the event of such renewal, the scope of services, deliverable dates, and contract amounts may be negotiated.

3.2 Governing Law

This RFP and any resulting contract and work orders shall be governed by, construed, and interpreted in accordance with the laws of the State of Texas, without regard to rules governing conflicts of law issues.

3.5 Travel Costs

TWIA will not reimburse travel costs or costs for meals, lodging, or any other out-of-pocket expenses incurred in conducting the work required under any contract resulting from this RFP. All travel-related expenses shall be borne entirely by the Selected Respondent.

3.6 Standards of Performance

Respondents must meet and comply with the Standards of Performance described in this RFP, including all requirements of any resulting contract and all applicable laws, regulations, professional standards, and other requirements.

4 LEGAL AND DISCLOSURE PROVISIONS

4.1 Public Information Act Disclosures

TWIA is subject to the Texas Public Information Act, Texas Government Code Sections 552.001-552.353. All responses to this RFP, including the proposal and all related documents and materials, are presumed to be subject to disclosure under the Act unless a specific exception to disclosure exists.

If it is necessary for the Respondent to include proprietary or otherwise confidential information in the Proposal or other submitted information, the Respondent should clearly label that proprietary or confidential information and identify the specific legal basis for confidentiality.

TWIA will notify Respondents of any Public Information Requests for Respondent information and provide the Respondents an opportunity to submit requests to the Office of the Attorney General to protect information they deem confidential or proprietary by law. However, by submitting a Proposal in response to this RFP, the Respondent agrees to waive any claim of infringement against TWIA and agrees to indemnify and hold TWIA harmless for any claims regarding the Intellectual Property Rights of the Respondent or any third-party for any materials appearing in the proposal.

4.2 Proprietary Interests and Final Work Product

All work papers, data, materials, testimony, information, and reports developed by the Respondent will remain the property of the Respondent. The Respondent will make working papers available to State insurance regulators pursuant to authority given them by law or regulation. Access to the requested work papers will be provided to the State insurance regulators pursuant to a request under Chapter 401 of the Texas Insurance Code.

4.3 Accuracy of the Proposal and Cost of Submitting the Proposal

The Respondent's Proposal must be true and correct and must contain no cause for claim of omission or error. TWIA will not reimburse the Respondent for any cost related to the preparation or submission of the Proposal. The Respondent is responsible for all expenses related to the preparation and submission of its Proposal.

4.4 Exception to Provisions

If the Respondent takes exception to any provisions of this RFP, these exceptions must be specifically and clearly identified by RFP section in the Respondent's proposal and provided in the Executive Summary addressed in Section 9.5, or in a spreadsheet submitted as an attachment to the Executive Summary letter.

Any exception included in a proposal may result in the proposal being disqualified from further consideration or may cause the proposal to receive a lowered evaluation score.

4.5 Responsive Information

The Respondent's proposal must be responsive to all requirements set forth in this RFP, must address how the Respondent will meet the RFP specifications, and must be presented in the format described in this RFP. The Proposal must provide sufficient information to enable the review committee to evaluate the Respondent's ability to provide the services described in Section 2, Description of Services/Statement of Work, and to comply with any other contractual provisions described in this RFP. Responses that are general in nature and do not address specifically how the Respondent will meet the RFP requirements may be disqualified from further consideration or may receive a lowered evaluation score.

5 RFP SELECTION PROCESS

TWIA will conduct a fair, comprehensive, and impartial evaluation of all timely received Proposals. The evaluation will be performed by an evaluation committee comprised of TWIA employees, advisors, and/or other qualified third parties (the "Evaluation Committee"). Information regarding the members of the Evaluation Committee will be made available upon request after completion of the selection and award process. Any third party participating in the evaluation process will be prohibited from submitting a Proposal in response to this RFP.

Each member of the Evaluation Committee will independently review and score each Proposal using a pre-determined scoring rubric based on the criteria described in Section 7. Proposals will be evaluated on their individual merits and in comparison to other submitted Proposals. Individual scores will be compiled and averaged to determine a final score for each Respondent. Based on the final scores, the Evaluation Committee will determine which, if any, Respondent should be awarded a contract.

The Evaluation Committee may request written clarification regarding any Proposal before completing the evaluation process. All clarification requests and responses will become part of the official evaluation record.

To be considered for award, Respondents must demonstrate that they possess the qualified personnel, expertise, resources, systems, and organizational capacity necessary to provide the services described in this RFP and any resulting contract. Proposals must also demonstrate experience providing reinsurance brokerage services like those described in this RFP.

5.1 Written Questions and Official Response

Respondents may submit written questions addressed to the TWIA contact person identified in Section 1.3. The email subject line must state “RFP Reinsurance Brokerage – Questions.” Telephone inquiries will not be answered.

Due to the expedited nature of this RFP, a formal written question period will not occur. However, any questions that are appropriately relevant to the solicitation will receive a direct response up until the submission deadline. Responses to timely submitted questions that are not already addressed in the RFP may be posted on the TWIA website or provided directly via a Question-and-Answer document.

5.2 Respondent Qualifications and Requirements

5.2.1 Reinsurance Brokerage Experience in the Insurance Industry:

Respondent shall be a vendor who has provided reinsurance brokerage services for the insurance industry for a minimum of ten (10) consecutive years as of the date of this RFP, as evidenced by a description of prior engagements. This information must be submitted with the Respondent’s Proposal to be responsive to the “Experience” requirement under “General Background, Qualifications and Experience” (see Section 9.6).

5.2.2 Qualified Key Staff: Respondent must have qualified key staff dedicated to the project. Respondent must specifically detail the qualifications, education, training, experience, and certifications of the key staff who will provide services under the Contract resulting from this RFP. This information must be described in the “Key Staff Qualifications” section of the Respondent’s Proposal (see Section 9.8).

5.2.3 Licensures: Respondent (and/or the key staff member(s) whom Respondent assigns to the project) must hold all necessary licenses to perform the services required under this RFP and any resulting contract.

5.3 Selection of Short List, Presentations, and Best and Final Offer

5.3.1 Selection of Short List of Respondents: After review of the Proposal and the Evaluation Committee scoring results, the Evaluation Committee may select one or more Respondents for further consideration (“Short List”). TWIA staff will communicate directly with the Respondents who are selected for the Short List. TWIA reserves the right to select a Respondent for a contract award without a Short List.

5.3.2 Oral Presentations and Demonstrations: Respondents identified for the Short List may be asked to make in-person or live video presentations to the Evaluation Committee. These presentations may involve a question-and-answer period.

5.3.3 Best and Final Offer (BAFO): TWIA reserves the right to request a Best and Final Offer (“BAFO”) from one or more Respondents at any time during the selection process. A request for a BAFO does not guarantee a contract award. Following the initial scoring of Proposals under the evaluation criteria described in Section 7, and any oral presentations, TWIA may, in its sole discretion, either proceed with a contract award or request a BAFO from one or more Respondents whose Proposals are determined to be reasonably susceptible to award.

The BAFO process will allow selected Respondents to revise their Proposals, including pricing and proposed services. Any BAFO submitted will be re-evaluated by the Evaluation Committee.

If TWIA determines that a BAFO process is in its best interest, participating Respondents will be provided with a specified period of time to review the RFP requirements and prepare their BAFO submissions. Following the BAFO evaluation process, TWIA will determine the Respondent(s), if any, with whom contract negotiations will begin. Respondents not selected for contract negotiations may not revise or alter their Proposals.

5.4 Contract Negotiations

TWIA reserves the option to negotiate with one or more Respondents, including, but not limited to, pricing, services, provisions, terms, and conditions, until TWIA determines that the best value has been obtained. TWIA will terminate any contract negotiations when TWIA, in its sole discretion, determines that the best value for TWIA has been obtained.

5.5 Best Value Consideration

TWIA will be the sole judge of best value. Any contract awarded will be based on best value criteria and may include but will not be limited to:

- a. Best meets the goals and objectives as stated in this RFP.
- b. Best meets the quality and reliability of the required services.
- c. Offers the best delivery terms.
- d. Offers the best value for services.

If a contract is awarded, TWIA will issue a notice of award to the Selected Respondent. However, there is no guarantee that an award or any contract will result from this solicitation and TWIA reserves the right to cancel and/or reissue this RFP at any time in its sole discretion.
