

# TWIA New Residential Submission in the new Agent Portal

This job aid demonstrates the general process to submit new business to TWIA. Please note: This job aid is intended as a guide. The actual content of the New Agent Portal and available options may change over time.

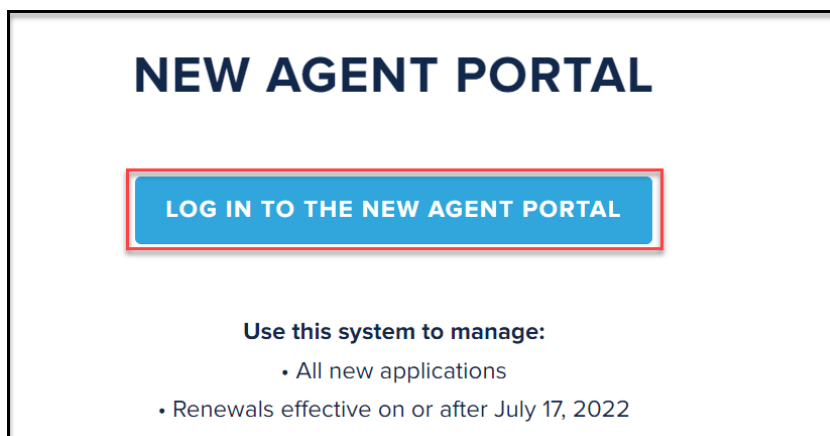

Before you start quoting in the New Agent Portal:

- Check TWIA's Eligibility Guidelines: [Minimum TWIA Policy Eligibility Guidelines](#), [TWIA Flood Insurance Requirements](#) and [TWIA Declination Requirements](#). The risk you are writing must meet all requirements to be eligible for coverage with TWIA.
- Locate and download all Certificates of Compliance (WPI-8s, WPI-8Es, or WPI-8-Cs) for the property. Use [TDI Certificate Search](#) to search for WPI-8s and WPI-8Es. Email [AgentServices@twia.org](mailto:AgentServices@twia.org) for WPI-8-C lookup assistance.

1. From the TWIA Home Page [www.twia.org](http://www.twia.org) select "Login" and then "Agent."

2. Under New Agent Portal, select "Log In to the New Agent Portal."

3. Enter your Username and Password where indicated, agree to the terms and conditions (if you agree) and then select “Login.”

The logo for Texas Windstorm Insurance Association (TWIA) is located in the bottom right corner. It features a stylized map of Texas inside a circular emblem, with the letters "TWIA" positioned below the map.

11. Verify the information returned on the Property Details screen starting with the address of the property to be insured. Please note the white check marks on the any sections encountered in the submission usually indicates additional information is not required. However, there are exceptions. The recommendation is to review the three remaining sections on this page starting with “Location Details. ”

21. In the Additional Construction Details section, please add the original construction date. You can also add any applicable credits that apply to the dwelling. In this example, this dwelling was built in 1961; it does not require a certificate of compliance. For more information on windstorm certification, please refer to [TWIA Windstorm Certification](#). This dwelling is also not an historical home either. To access the list of historically exempted properties, please consult [WEA1-approved-list MASTER MAY 2022-1.pdf](#).

Retrofit credits may apply to homes built prior to 09/01/1998 that have been retrofitted with exterior opening protections that meet the windborne debris criteria standards of either the Building Code for Windstorm Resistant Construction, the International Residential Code, or the International Building Code. **Unless you find a Certificate of Compliance (WPI-8, WPI-8E or WPI-8C) showing either Retrofit or that all of the exterior openings have been replaced (all doors and windows), the dwelling is not eligible for the Retrofit Credit. Any credit applied in error will be removed.**

If you need to add information regarding any repairs or additions made to the name, select “Repairs/ Additions.” If that step is not needed, select “Next.”

The screenshot shows a web form titled 'Additional Construction Details'. At the top, there are three expandable sections: 'Construction Details', 'Roof Details', and 'Additional Construction Details', each with a checkmark icon. Below these, the 'Original Construction Date' is set to '01/01/1961'. A question 'Does this structure qualify for the WPI-8 Exception for Historic Structures?' has 'Yes' and 'No' buttons, with 'No' selected. Below this are two dropdown menus for 'Building Code Class' and 'Building Code', both set to 'Please Select'. At the bottom of the form, there is a 'Repairs/Additions' section with a green arrow pointing to it. At the very bottom, there are three buttons: 'Cancel', 'Previous', and 'Next'. The 'Next' button is highlighted with a red box.

22. On the Quote screen, select the dwelling coverage limit and deductible. If you want to add personal property coverage, click on the box to the left of Personal Property and then enter the coverage limit and deductible wanted. **Please note the valuation method for personal property defaults to ACV. If replacement cost is wanted, be sure to select it from the drop-down menu.** When ready, select “Calculate Premium.”
